

Thanks for purchasing from Mrs. Ketner's Life Skills Goodies!

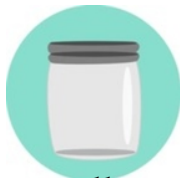

Product Design: I have designed this product as a work task box for my students. I generally have all of the items in the “dishes” cabinet within my room. The students then follow the layout on this example for my assigned number of seats. (If you laminate the example, you can fill in the number of seats with a dry-erase marker and customize each time.)

Ready-to-Use: This product requires very little prep-laminate and GO! Of course, you also need the dishes!

Terms of Use: As always, please use my products for only your classroom. In addition, please do not sell or claim my products as your own. Please use my products in the best way that you can. If you have any issues with my products, please let me know and I will do all that I can.
